### **AZ - NEEDED - Donated Fire Apparatus**

REQUEST DONATED FIRE APPARATUS – Regional Fire & Rescue Department, Inc.

Regional Fire is a non-profit, subscription funded fire department located in Central Pinal County, Arizona and is currently seeking a donated fire engine, or Midi for use in our fire response area which consists of Interstate-10 and Interstate-8 from Casa Grande to the Pinal-Maricopa County Line (37 mile stretch). Regional Fire & Rescue serves a population of more than 8,000 residents and 120,000 motorists that pass along the Interstate-10 corridor between Phoenix and Tucson every day.

Our 1989 Pierce Arrow has been out of service over 120 days as it needs an in-frame rebuild and donation support is terribly slow. We have a 1980 Ford/Pierce Canopy Cab truck that we have been relying upon, that we wish to donate to a more rural area fire department in Arizona (St. David Fire District, Arizona) if we are successful with receiving a newer truck to replace it. Regional Fire also serves a population of nearly 1000 people that live and work at the Central Arizona College – Signal Peak Campus. We have over 650 students per year that live in residential dorms and a three story tower on this unique two year campus.

Please contact Steve Kerber, Fire Chief/Paramedic at (520) 723-4680 Station, and (520) 251-0200 Cell, or e-mail me at: [regional\\_fire@netzero.com](mailto:regional_fire@netzero.com)

Regional Fire has served residents and motorists in this unincorporated community for over 15 years. I hope you will consider our request so together we can make a difference for the motoring public and our residents of the Greater Casa Grande Valley. Thank you!
